Harmony Physical Therapy

28 West 10th Street

Travis, NY 10314

(718) 857-6242

PATIENT INFORMATION

Patient Name : Kenneth Hickey
Patient ID : 654321
Date of Birth : 5/22/1966
Weight (kg) : 75.77
Height (cm) : 172
Gender : Male
ICD Code : 717.42

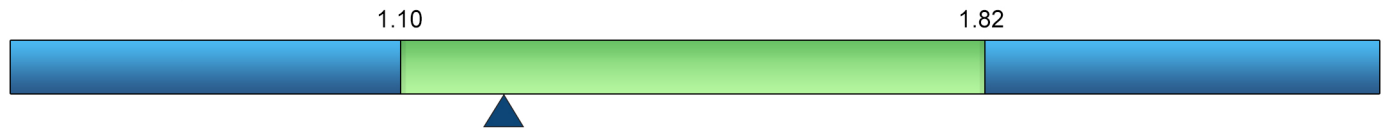

TEST SUMMARY

Test Date / Time : 1/13/2017 3:07 PM
Test Duration (minutes) : 03:30
Average Speed (km/h) : 0.60
Total Distance (meters) : 67.00
Total Steps : 78
CPT Code : 97116

TEST DETAILS

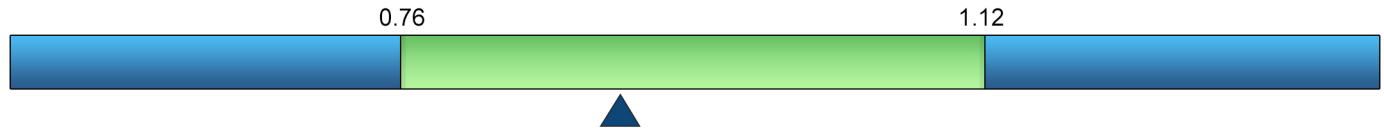

Avg. Walking Speed

0.57 (cycles/sec)

Avg. Step Cycle Time

0.57 (cycles/sec)

Avg. Step Length

Left: 75 cm

Right: 73 cm

Step Length (Coefficient of Variation)

Left: 6%

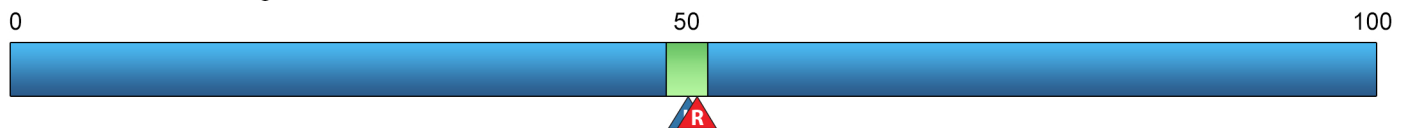

Right: 6%

Time on Each Foot

Left: 50%

Right: 50%

Legend: Norm Results L Left R Right

COMMENTS

Diagnosis: Old disruption of anterior cruciate ligament. This is a test comment. The Biodex BWSTT environment does more than suspend the patient – real goals are monitored and progress reported. Objective documentation, with comparison to age- and gender-based normative data, helps prove need and document outcomes to family, referring physicians and insurance providers.
